Dances marked with an * should be learned before attempting some of the other dances.

In our Beginners Round Dance Class we teach the dances in the following order: Tango Waltz, Waltz of the Roses, Swedish Waltz, 1st verse of Veleta, 1st verse of the Spinning Waltz, Waltz of the Bells, Doris Waltz, Mocking Bird Hill, Tennessee Waltz, and Norwegian Waltz.

Our beginners course consists of 12 two hour lessons once a week. The first night we teach the basic waltz step, waltz turns, canter rhythm, position balance, posture, etc. We walk through and practice these figures both with and without music. The last part of the lesson we teach the Tango Waltz. The following lessons are reviews of the previous lessons plus teaching the one new dance each lesson. We ALWAYS review the basic waltz steps at the first of each lesson.
